FAHASS Opens This Region's First LGBTQ Center

Fredericksburg, VA — Fredericksburg Area Health and Support Services, Inc. (FAHASS) is pleased to announce the opening of this region's first LGBTQ Center at its new location at 4343 Plank Road, Suite 110, Fredericksburg, VA 22407.

"As a member of the LGBTQ community and Board President of FAHASS, it is with great honor that we are opening the first Pride Center in Fredericksburg, VA. This represents the growing level of diversity and acceptance in our community. As the infrastructure of this region grows, we need to raise awareness of underrepresented communities. The Pride Center is a step in a forward direction." - Ernisha Hall, President of Fredericksburg Area Health and Support Services, Board of Directors.

"Very often, people that identify themselves as LGBTQ have specific medical, mental health, psychosocial, and safety needs that go unmet, or they have to travel outside our region to get what they are looking for. Having a dedicated space, created specifically for our local LGBTQ community allows everyone to have a central hub for services, events, resources and information. We are excited to see how the community will support the Pride Center, and what new things we can create for our community." - Joseph Lyttle, Executive Director

This new LGBTQ Center has meeting and event space available at no charge for LGBTQ groups and activities. The public is invited to celebrate this occasion and tour the FAHASS Pride Center during our Grand Opening on Saturday, August 13th.
